Correction to: Predictors of survival of very preterm births (born between 23 and 29 weeks' gestation) at a tertiary care center in Karachi, Pakistan: additional multivariate analyses on data from primary cohort

Mohammad Yawar Yakoob*

Correction to: *BMC Res Notes* (2019) 12:620

<https://doi.org/10.1186/s13104-019-4647-8>

For better clarity, the author would like to amend the title of the original article [1].

“Predictors of very preterm births (born between 23 and 29 weeks' gestation) at a tertiary care center in Karachi, Pakistan: additional multivariate analyses on data from primary cohort”

should be read as:

“Predictors of survival of very preterm births (born between 23 and 29 weeks' gestation) at a tertiary care center in Karachi, Pakistan: additional multivariate analyses on data from primary cohort”.

The corrected title has been included in this Correction article.
